SCENT DESCRIPTIONS

Mango + Coconut

Vibrant aroma of fresh mango and creamy coconut milk with sweetness of pineapple and orange with top notes of ripe mango and a hint of peach.

Sea Salt and Orchid

Smooth and elegant blend of soft floral notes with salty highlights. You'll notice crisp hints of sea salt. This fragrance is infused with natural essential oils, including orange oil.

Gardenia

This candle begins with top notes of gardenia and lemon peel as it gives way to a blossoming heart of tuberose, jasmine, and green florals. A soft powdery finish gives depth to this earthy floral.

Oakmoss + Amber

Modern, yet sophisticated with an earthy fragrance and hints of orange, grapefruit, and an infusion of sage. Lavender adds a soft floral touch while oakmoss, amber, and tonka round out the base for a beautiful, deep character.

Black Sea

Sweet yet salty oceanic scent combined with an undercurrent of amber and vanilla. The fragrance oil is infused with natural essential oils, including cardamom seed and clove leaf.
